

# THE NAASE-USCJ JOINT COMMISSION FOR THE PLACEMENT OF SYNAGOGUE EXECUTIVES

## INDEPENDENT ON-LINE PLACEMENT RESOURCE SERVICES

In recent years, some congregational search committees have reported having varying degrees of success with listing their professional and support staff positions on a number of independent websites that have evolved to serve the Jewish community. Neither NAASE nor United Synagogue have any affiliation with the sites listed below, but they are shown here simply for your easy access and evaluation for your unique purpose and situation. We suggest that you list first with the Joint Placement Service and then perhaps any of the on-line sites, in addition, to expand your search.
